

Our Vision:

- ~ Educate children both academically and spiritually so they will contribute to our community where people want to live, play, work and worship
- ~ Continue to raise the academic bar in our schools through engaging students in their learning, expanding educational opportunities and providing real life experiential learning opportunities

We're Listening:

- ~ To parents: School Councils, Council of School Councils, surveys, and engagement in Three Year Education Plan
- ~ To students: surveys, presentations to Board of Trustees and recognition of excellence
- ~ Our Superintendent visits High School classes to gather insights to students' educational experiences and to seek suggestions for improvement
- ~ To staff: opportunities for input in Three Year Plan, staff meetings, surveys, along with collaborative professional learning and recognition of excellence.
- ~ To the community: vast partnerships, website, social media, focus stories in local media and presentations at community events.

Our Students:

- ~ 87.6% of parents feel their schools are safe and caring
- ~ 87.5% of parents rate the educational quality of our system as high
- ~ High numbers of our students receive Rutherford Scholarships
- ~ Drop out rate is extremely low
- ~ High School completion rate of 85.1% is higher than the Provincial average
